Eastlake, OH 44095

Thank you for choosing the **EVILUSIONS** Lamp Flickerer.

OPERATING INSTRUCTIONS

The Evilusions Lamp Flickerer is designed to give incandescent lights a random brightness pattern to give the effect of your lights being shorted out.

- 1) To use, simply plug the flickerer box into the wall, a surge protector, or extension cord.
- 2) Plug your lights, up to 500 watts, into the outlet mounted on the front of the Lamp Flickerer.

WARNING! This product is not designed to be used in a wet environment. If used outside, or in a damp environment all precautions should be made to prevent it from getting wet. Permanent damage to the product, persons, or property can occur.

DISCLAIMER! Evilusions LLC is not to be held liable for injuries, death, or property damage caused by the improper use of or inability to use this product, misuse of this product for purposes that it is not intended, or complete lack of common sense.
